

16th CDC International Symposium on Biosafety

The Power of Risk Assessment:

Laboratory Safety and Security for Clinical,
Public Health, Research and Animal Care

February 29 - March 4, 2020

Westin Perimeter North • Atlanta, GA

POSTER ABSTRACT

DEADLINE January 15, 2020

Please note: Research poster abstracts need to include background or introductory information, aim, methods, the results of the research, and a brief discussion or conclusion. Programmatic innovation poster abstracts need to have a description of how the problem was identified and explored, descriptions of the innovations, results to date, and discussion/reflection/lessons learned.

All appropriate submissions will be reviewed by the Program Planning Committee on a rolling basis. Posters will be displayed on Tuesday, March 3, 2020. Abstract submitters are expected to participate in the Poster Session taking place on Tuesday from 12:30-1:30. You must be registered at the conference in order to present a poster.

If you have questions about poster abstract submission, please contact Laura Girr at the Eagleson Institute, lgirr@eagleson.org.
